Dear Sir/Madam,

RE: Request for Event Public Relations

I am writing this letter to inform you about 30th CINP World Congress of Neuropsychopharmacology, which will be convened from 3rd to 5th July 2016 in Seoul, Korea. The International College of Neuropsychopharmacology (CINP) is a truly worldwide organization established over 50 years ago in Zurich, Switzerland. CINP holds meetings all over the world with the aim to promote research and education on a worldwide basis.

Therefore, on behalf of Organizing Committee of 30th CINP Seoul World Congress, I would like to ask you for Public Relations and Marketing cooperation in sharing information of the event steadily. For this time, I would like to explore the opportunity of sending all your members our e-newsletter, which informs the great opening of the event and registration, and posting information of our event on your official website. I strongly believe that it would be very helpful for our mutual benefits in sharing more knowledge, idea, and information with many people and enhancing a neuropsychopharmacology field. Organizing Committee of 30th CINP Seoul World Congress is exerting all efforts to invite all researchers, clinicians and any interested parties to the event, and I am certain your support utilizing your network would be most effective to facilitate the invitations.

We are honored to contribute to build a great relationship within a neuropsychopharmacology field with you and look forward to having and welcoming your colleagues and/or interested counterparts to Seoul next July.

So to sum up, with regard to promotions:

1. Distribution of Newsletter
